ROOSEVELT TO SEND MESSAGE TO CONGRESS

President Has a Legislative Program for Remainder of Session.

TARIFF REVISION TO COME AFTER MARCH 4

THINGS TO BE DONE RIGHT AWAY INCLUDE PASSAGE OF ALDRICH BILL AND OTHERS.

Washington, March 21.—President Roosevelt has determined on a legislative program the enactment of which will be urged upon congress in a special message, which he said today will go in next week. Each of the measures to be proposed involves perplexing difficulties, and each will have far-reaching effects in business and economic conditions of the country. The program is the product of important conferences, through which the president has been put in possession of the views of all interests concerned. Likewise the attitude of the leaders in both branches of congress has been made known. Its success depends upon the combined effort which he believes can be brought to bear in behalf of the whole plan by those affected especially by some of its features.

Official Program.

The program includes:
A declaration in favor of revision of the tariff in a special session to be held after March 4, 1909.
An amendment to the Sherman anti-trust law so as to make important concessions to combinations of both labor and capital.

Limiting the powers of certain courts in the use of the injunction in labor disputes.
Passage of an employers' liability bill.
Passage of the Aldrich financial bill.

Support Pledge.

The support of the business and financial interests of the middle west was pledged to the president on this program, following an extended conference held at the White House last night. A most satisfactory conference was held at the president's office today with leaders of the two houses of congress. The details of last night's conference were purposely withheld pending the morning conference. At the conclusion of the latter the following statement was made public by Secretary Loebe:

White House Conference.

"At a conference with the president held at the White House last evening with the following representatives of commercial bodies of the middle west: Richard C. Hall, chairman, J. V. Farwell, Jr., member of the Chicago Association of Commerce; Charles H. Wacker, member of Chicago Association of Commerce; James E. Smith, president St. Louis Business Men's League; Festus J. Wade of executive committee, St. Louis Business Men's League; H. R. Topping, president of the Kansas City Commercial Club; C. D. Parker, ex-president of Kansas City Commercial Club; E. M. Clendenning, secretary of Kansas City Commercial Club.

Address to the President.

The following address was presented to the president, and there was a full expression of views both on the part of the president and the committee:
"Mr. President: The organizations we represent have a membership of 4,500 business men, corporations, firms and individuals engaged in the development of the agricultural resources and the manufacturing, commercial and financial interests of the middle west. In the pursuit of our various lines of business we come in contact with almost every portion of the country, but especially of the Mississippi valley. We never were in a more prosperous condition than prior to the panic of last fall. Our labor was all employed, our capital profitably invested.

Business Stagnant.

"In a short period these conditions have changed. Certain lines of business are almost stagnant, brought about by the fear of the panic and the stability of some of our institutions. Money has been hoarded instead of flowing into the ordinary channels of investment, securities and the various commercial interests. Two

THREE MEN RODE TO THEIR DOOM ON WILD ENGINE

Runaway Locomotive Jumps Rails of Copper Belt Above Wall's Mill.

CRASHES INTO PLANT AND DEMOLISHES IT

MEMBERS OF TRAIN CREW STICK TO THEIR POSTS AND MEET DEATH.

Dead.
J. M. Goodwin, engineer.
Charles Madden, conductor.
James J. Joyce, fireman.

Bingham, March 21.—A runaway engine, skidding on the snow-covered tracks of the Copper Belt railroad, carried three men to their death yesterday and demolished Colonel Wall's mill. It was the worst wreck in the long list of accidents that have attended the operation of this hazardous line.

Engine No. 5 had been used during the night on the high line and this morning started down the grade to the depot yard. The locomotive gathered speed in spite of set brakes and when a point near the Utah Copper one him was reached the train crew realized the engine was beyond control.

Winfield Showalter, a Greek, who was riding on the engine, jumped above Miller's hall. Showalter was uninjured and the Greek escaped with a severe scalp wound.

The three members of the crew stuck to their posts, well knowing that almost certain death awaited them. The engine reached a sickening speed. At Wall's mill it left the rails and hurtled through space. Joyce and Madden shot into the air and their inert bodies were hurled with terrific force against the mill office wall.

The locomotive crashed against the mill, tore away the side wall and demolished a good portion of the interior. Goodwin, the engineer, was found pinned under the fire box, the reverse lever, which he still clutched, piercing his body. He lived but a few moments. Joyce was crushed to a pulp. Madden lived about a half an hour, but failed to regain consciousness. The back of his head was crushed.

The bodies of the victims were removed to Robert Skeeves' undertaking parlors. Winfield Showalter, who saved himself by jumping, believes that in filling the water tank the sand in some way became loose.

Mr. Goodwin had seen service as an engineer since 1870. He knew his job and always displayed coolness and judgment. He had served in this capacity on the C. B. & Q. and U. P. railroads and at one time was foreman of the U. P. shops at Ogden.

He leaves a wife and daughter at this place and a daughter, Mrs. Arthur of Evanston, Wyo.

C. C. Madden was born in South Dakota and had been in Bingham about one year. He was about 30 years of age and unmarried.

J. J. Joyce, it is understood, came from Chicago. He was 28 years of age and single.

GLASMAN IN HIGH FAVOR

Pet and Pride of Utah Republicans Will Soon Be Reappointed and Confirmed.

(Special to The Herald.)
Washington, March 21.—It is believed the long-drawn-out fight over the appointment of William Glasman as postmaster general at Salt Lake City, Utah, will be settled by the senate at an early date. The department is convinced that the time to do so is now. Glasman has been in the post office since the time of his appointment. He has not been in the post office since the time of his appointment. He has not been in the post office since the time of his appointment.

Representative Howell today extended an invitation from the Utah Postmasters' association to Postmaster General Meyer to attend its annual meeting which is to be held in July at American Fork. The postmaster general said he appreciated the invitation and if unable to attend the meeting himself would have a representative from the postoffice department go in his place.

TILLMAN VERY ILL

Columbia, S. C., March 21.—Senator R. B. Tillman of South Carolina is dangerously ill at his home at Trenton, suffering with a return of the disease which he held in July at American Fork. The physicians hope that he will be able to return to Washington after a few days' rest.

and fined. Since that time the two have been bitter enemies, and it was feared a shooting scrape would come in time.

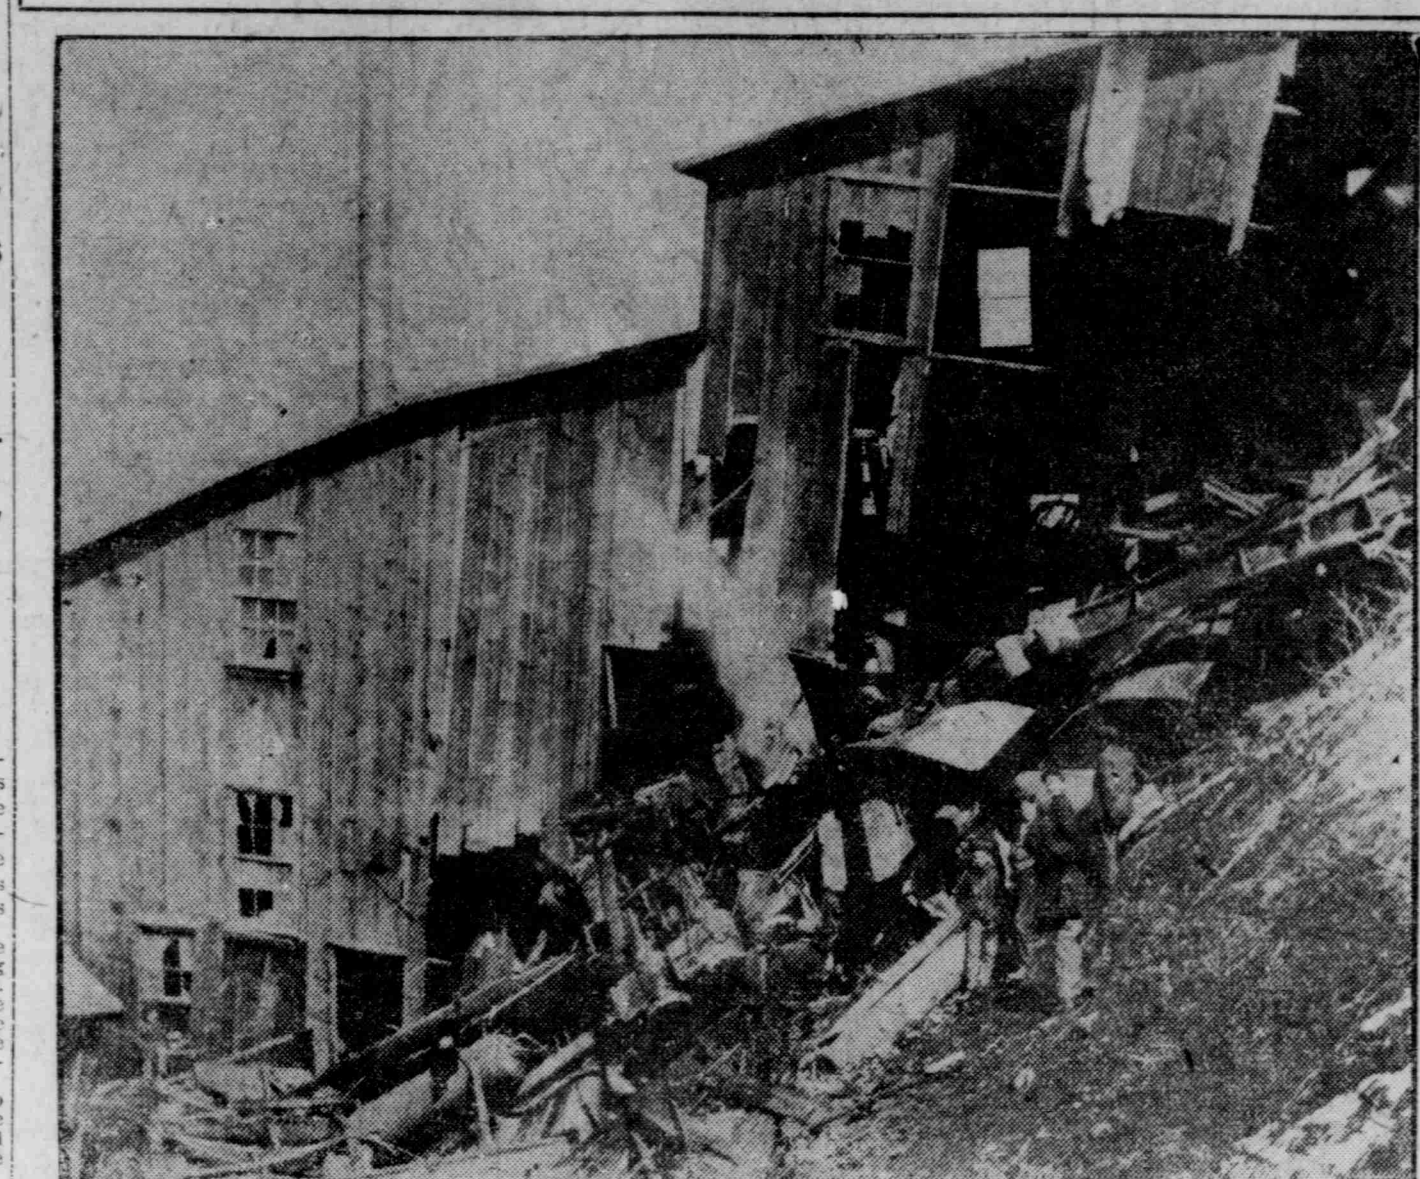

A few weeks ago, it is said Burns threatened to attack Jensen, but the latter drew a gun and Burns, being unarmed, retreated. Today, when they met, only a word or two was passed before Burns pulled his gun and fired. After the shooting Burns immediately left and informed a doctor that he had a knife wound in his shoulder. How he received this is not known. He then went home, where he was arrested soon after by the marshal. He claims it was only a matter of who shot first.

Jail Being Guarded.

The town is aroused to high pitch of excitement tonight. Burns is in jail, and deputies are guarding the building and grounds carefully. There is no talk of fear of mob action, but every precaution is being taken to prevent it.

Jensen was well known throughout the Intermountain country as a grower of thoroughbred sheep and cattle. He was formerly in the saloon business, and at one time owned the building where he was killed.

ENGINE DEMOLISHES MILL

Colonel E. A. Wall's plant in Bingham Canyon, demolished for the second time by a runaway locomotive of the Copper Belt railroad.

BELIEVES THAW SOUND IN MIND

Lawyer Bartlett Bases His Opinion on Experience in the World.

New York, March 21.—In an authoritative statement today, Franklin Bartlett, counsel for H. K. Thaw, and his mother, Mrs. William Thaw, emphatically denied that there had been any disagreement between the members of the Thaw family.

"The stories emanating from Pittsburgh in the past few days to the effect that there has been a disagreement or controversy between the members of the Thaw family over the suit of Mrs. Thaw for the annulment of her marriage to Harry K. Thaw, are absolutely without foundation," said Mr. Bartlett. "There has been no disagreement of any kind in Mr. Thaw's family."

This statement was made at the request of Mrs. Thaw, who is now in Pittsburgh. Speaking of the opinion expressed recently by the alienist, Dr. Allan McLane Hamilton, that Harry K. Thaw is a hopeless paranoiac, Mr. Bartlett said that on two occasions recently he had seen Mr. Thaw in Matewan state hospital and had held long conferences with him. On both occasions, he said, Harry Thaw seemed to him to be perfectly sane.

"Although I am not a physician or an alienist," said Mr. Bartlett, "this view is based on experience derived from the examination of hundreds of men in my experience as a lawyer, as a regimental commander and in political life."

DESERTED THEIR VESSEL

Crew of British Steamer Loaded With Dynamite Declined to Risk Their Lives.

Philadelphia, March 21.—Fifty members of the crew of the British steamer Kiora, loaded with dynamite at Thompson's Point, N. J., for the construction of the Panama canal, left the vessel yesterday and no amount of persuasion could induce the seafarers to return to duty. They claimed that the Kiora is a floating mine, and that going to sea with such a dangerous cargo meant death if any accident should occur to the craft.

The men, after coming to Philadelphia, appeared before British Consul Powell and stated their grievance to him. He advised the men to return to duty, but this they refused to do and, as Captain Jose, the master of the Kiora, could not secure a writ to prosecute the men for desertion, fifteen new men were shipped in their places, after which the Kiora proceeded for Colon.

LONG FAST ENDED.

Miss Etta Grove Abstained From Eating for Forty Days.

Long Beach, Cal., March 21.—Miss Etta Priscilla Grove, the Chicago school teacher who has attracted attention because of her long fast, at noon today completed the fortieth day of her abstinence and announced that she would accede to the request of her sister and partake of nourishment this afternoon. In the effort to equal the record of Dr. H. S. Tanner, who fasted forty days in the '80s, Miss Grove's weight was reduced from 125 to 105 pounds, but she declares that she felt no ill effects from her experience, and that she could have continued fasting for a much longer period.

GOING ON PILGRIMAGE.

New York, March 21.—Abraham H. Hummel, the lawyer who was released from the penitentiary last Thursday after serving ten months for conspiracy in connection with the Dodge-Morse case, sailed for Europe today on the steamer Lusitania.

SENTENCED TO DIE NEXT JULY

Motion for New Trial for American Companies Holding Concessions in Venezuela Denied.

Denver, Colo., March 21.—In the criminal division of the district court today, Judge Greeley W. Whitford denied the motion for a new trial for Giuseppe Alia, convicted of the murder of Father Leo Heinrichs, whom he shot to death in St. Elizabeth's Catholic church, this city, Sunday, Feb. 23, and sentenced him to be hanged during the week beginning July 12 next.

Last night Alia made repeated attempts to commit suicide by beating his head against the iron bars of his cell. His arms and legs were shackled when he was brought to court this morning, and he was so weak he had to be supported by officers.

When asked by the court if he had anything to say, Alia said to the interpreter: "I didn't do anything."

There is no likelihood of an appeal to the supreme court, as Alia has no funds and there has been no proof introduced of errors in the trial.

Alia was removed this afternoon from the Denver jail to the state penitentiary at Canon City. Muttering "I never harmed anyone," the prisoner was half dragged, half carried, from the jail to the carriage in which he was driven to the depot and placed aboard the afternoon train for Canon City. His arms and legs were shackled and he was accompanied by a double guard on his last journey.

RUIN IN M'KINLEY REGIME

Bishop Cranston Believes Roosevelt Was Summoned to Special Mission by Almighty.

Philadelphia, March 21.—In re-calling to full membership eight young men at today's session of the Philadelphia conference of the Methodist Episcopal church, Bishop Cranston of Washington, D. C., in instructing them in their duties, touched on national affairs.

"Ten more years of the same old regime that has affected this country," he declared, "and this country will have gone to destruction."

"If God Almighty ever summoned a man to a special mission, it was when he called Theodore Roosevelt to the leadership of the people," he said. "Theodore Roosevelt has called the people to distinguish between right and wrong; between good and evil; between truth and lies; between power and rule. I am looking for another message. I expect it soon. The people are true. All they want is a leader, and they have the leader they should have."

NEW INDUSTRY PROPOSED.

Washington, March 21.—In discussing the fortifications bill in the house today, Representative DeArmond of Missouri suggested that the government should enter upon the industry of raising no-blen for our American girls.

FOOTE TO HOLD OVER.

(Special to The Herald.)
Washington, March 21.—Senators Warren and Clark are united in recommending the reappointment of Frank M. Foote as register of the United States land office at Evanston, Ill. It is expected the reappointment will be made at once.

NO APPEAL FROM THE HIGH COURT

American Companies Holding Concessions in Venezuela Lose Rights.

Caracas, Venezuela, March 21.—The high federal court of Venezuela yesterday handed down a decision, from which there is no appeal, against the Manoa company and the Orinoco company, limited, American concerns, annulling the famous Fitzgerald concession under which these companies claimed rights in Venezuela.

The claims of these companies constitute one of the matters which are now being discussed diplomatically between Washington and President Castro. Rudolph Dolge, representing the Orinoco company, the present owners of the Fitzgerald concession, has filed a protest against this decision. The United States cruiser Tacoma arrived at La Guaca today.

The Tacoma arrived at La Guaca today. Her coming is considered inopportune, and it is liable to create some local excitement.

The finding of the court declares that the Fitzgerald concession is canceled on account of the failure of the concessionaires to comply with the terms of their contract. Disinterested Americans and other foreigners say the decision is strictly in accord with the law of equity and the facts. Mr. Dolge asserts that the American government will insist, even to employing force, that the finding of the court be reversed.

STRUNG UP BY THE WRISTS

Ohio State Senator Sees a Man Tortured While Visiting State Prison.

Columbus, O., March 21.—Senator Lamb of Toledo created a sensation here today by declaring that while visiting the Ohio penitentiary he saw a prisoner hanging by his wrists. The man's head was hanging down on his shoulders, according to Senator Lamb, and his feet were just touching the floor.

"I was astounded," continued the senator, "and soon saw that the attendants were trying to keep me away from this man. I insisted on seeing him, and the man said to me: 'I have been hanging here since Thursday, and they only let me down to eat bread and water.'"

"The guard," said Mr. Lamb, "told the man to shut up." Senator Lamb will report the case to the penitentiary probing committee.

CLAIM TO HAVE TAKEN THE IMMUNITY BATH

Carson, Nev., March 1.—This morning Attorney Sam Platt argued in favor of a motion to quash the indictments against James Davis, cashier of the State Bank & Trust company, and Senator Brower, a director. He took the ground that as these two defendants testified before the grand jury they had practically taken an immunity bath and should have all the benefits.

In the afternoon the cases of Woodbury, Livingston and Lee, directors of the same institution, were argued, on a motion to quash the indictments. Their attorneys took ground against the constitutionality of the law. The arguments will not be finished until Monday.

MOYER VISITS PETTIBONE.

San Diego, Cal., March 21.—Charles H. Moyer, president of the Western Federation of Miners, is at a sanitarium in this city suffering from a severe attack of asthma. Mr. Moyer arrived yesterday to visit George H. Pettibone, who is critically ill.

SHORT END FOR UNITED STATES

Final Decree Entered in Favor of Captain Oberlin M. Carter.

SUM OF \$45,000 AWARDED

COURT FINDS THAT AMOUNT WAS NOT "TAINTED."

Chicago, March 21.—The final decree in the case of Oberlin M. Carter, former captain in the United States engineer corps, was entered today by Judge Kohlsaat in the United States circuit court. Practically all the findings are in favor of the former army officer.

While Carter does not get a large share of the funds which have been the subject of litigation between him and the government, the cost of this and all other suits against him are taxed against the government. By the decree Carter is awarded \$45,000, which was held by the court to be "without taint."

The total amount attached by the federal authorities some years ago was about \$100,000. The greater part of this Carter claimed to have received from his father-in-law, the late Robert F. Westcott of New York.

In an opinion announced by Judge Kohlsaat some weeks ago it was held that a large part of the funds received by Carter from Westcott were "tainted," and while Carter may not have known of these secret partnerships between Westcott and Greene and Gaynor, yet in the eyes of the law he was supposed to have knowledge that Greene and Gaynor, the contractors, were reaping enormous profits from their work.

Uncle Sam Pays the Costs.

In his final decree Judge Kohlsaat refused to charge Carter with the money spent in defending himself before the army court-martial and in other tribunals. All the expenses of suits against Carter in Chicago, New York, Savannah and other places, except a small amount to be determined later, are to be paid by the government. This amount is estimated to be about \$150,000. The court holds further that of the money which it was claimed Carter received from Greene and Gaynor more than \$250,000 came from Westcott. In as much as the court declares these latter funds to be "tainted" they are to be retained by the government, and the court costs and attorney fees are to be paid from them.

The court also held that I. Stanton Carter, a brother of the defendant, is indebted to the government to the extent of \$454, a part of the funds for the recovery of which the suit was started.

PROBABLY ALL FOR BRYAN

Delegates from Rhode Island to Democratic National Convention Not Instructed.

Providence, R. I., March 21.—The Democratic state convention in Rhode Island in Music hall this afternoon decided not to endorse resolutions favoring the nomination of William J. Bryan for the presidency, but referred the resolutions to the delegates at large and to another individual discretion. The convention selected eight delegates at large who will represent Rhode Island at the national Democratic convention in St. Louis.

George W. Greene, a close friend of Mr. Bryan, was elected one of the delegates at large. He is a member of the national committee. After the convention the Bryan men expressed themselves as perfectly satisfied with the result.

The delegates at large are: Governor James H. Higgins, former Mayor George W. Greene, William E. Fitzsimmons, Lincoln; Patrick H. Quinn, Warwick; Peter C. Cannon, Providence; former Senator Patrick J. Murphy, Newport; David J. Butler, Providence, and former Senator Sumner Mowry, South Kingston.

Senator T. F. Gore of Oklahoma, attended the convention and addressed it upon questions of national interest at the close. He was greeted warmly.

DESPERATE TRAIN ROBBERS ESCAPE FROM COUNTY JAIL AT HELENA, MONT.

Helena, Mont., March 21.—Following Charles McDonald and George Frank Hauser, the two desperate train robbers who escaped this morning from the county jail after sawing through four sets of steel bars, a posse of deputies and county officials are tonight searching the hills near Helena under the leadership of United States Marshal A. W. Merrifield, the former ranch partner of President Roosevelt.

McDonald and Hauser were to have been tried next Monday on the charge of holding up the Great Northern Limited on the Great Northern last September, at which time they secured \$40,000. Failing in their efforts to have the trial date changed from March 23, which they declared a "hoax," the men made a successful break for liberty in broad daylight this morning.

No Trace of the Men.

While the posse is scouring the hills, the belief is current that the men have remained in hiding near the city during the day, and that they will attempt to make good their escape tonight. No trace of their whereabouts was found by those who returned from the day's search. Marshal Merrifield has been instructed to spare no expense in the reconstruction of the men.

Following the robbery of the limited, the two men led a riotous life in Butte and Bonner's Ferry, Ida. This aroused suspicion and led to their arrest in Spokane a few days later, whence they were taken to Kalispell, Mont. At this point McDonald escaped, dragging an "Oregon boot" twenty miles before being recaptured. The Kalispell officials then surrendered the prisoners to the federal authorities at Helena.

From the resemblance in photographs to the man who held up the Great Northern is none other than Harvey Lowgan, who about six years ago committed a daring train robbery in Montana on the Great Northern. He was captured in Tennessee and placed in the Knoxville jail. There he made a sensational escape and no trace of him has since been found. The belief that the two robberies were committed by the same person is strengthened by the fact that Lowgan can be learned of McDonald's actions prior to two years ago.

Once Tried in Utah.

Three posess returned tonight from the hills south of Helena without discovering any trace of the fleeing bandits, and the belief is accepted that the fugitives have made their way to the west instead of heading toward Butte. Two men answering the descriptions of the desperadoes were seen this evening by a Ten Mile rancher, west of Helena, traveling quickly, and Sheriff Shoemaker, upon receipt of this information, is hurrying toward Elliston with a posse to head off the fugitives if they come that way.

About twenty heavily armed men are still in the hills south of Helena, searching numerous prospect holes and tunnels, which afford an ideal hiding place for the robbers.

McDonald, it develops, was tried in Utah two years ago for burglary, but acquitted. His companion, though, being convicted.

SULLIVAN JURY IS LOCKED UP AT MIDNIGHT

Ballot Shows Ten for Verdict of Murder in First Degree.

PRISONER PASSES NIGHT IN THE COUNTY JAIL

BAILEY CONTINUES SENSATIONAL TACTICS IN ADDRESSING JURY FOR THE DEFENSE.

At 12:05 o'clock this morning the jury in the Joe Sullivan murder case was taken to the Kenyon hotel and locked up for the night, having been unable to agree upon a verdict.

The jury stands ten for conviction on the charge of murder in the first degree and two for acquittal or a compromise verdict of murder in the second degree.

In leaving the city and county building, the court billiard room, charge of the jury drove away a private detective who tried to mingle with the jurors. The detective had been following the jury for ten days.

There is a growing impression that the jury in the case of Joe Sullivan, the alleged highwayman charged with the murder of Policeman Ford, will be unable to agree upon a verdict. After midnight this morning the jurors were locked up for the night in the Kenyon hotel. They had considered the case more than seven hours without reaching an understanding.

On the last ballot before the jurors retired from the jury room for the night they stood, it was understood, ten for conviction on the charge of murder in the first degree and two for acquittal or a compromise verdict of murder in the second degree, which would save Sullivan from capital punishment.

The ten who stood for conviction, it is said, held that a verdict of murder in the second degree was impossible under the instructions of Judge Armstrong. The judge instructed the jury that murder in the first degree was the slaying of a human being with premeditation. Murder in the second degree was the killing of a man without premeditation, but without premeditation. Judge Armstrong said that if the jury found that Sullivan was the slayer of a human being with premeditation, they should find him guilty of murder in the first degree, as his participation in the crime was a part of premeditation under the law. The jurors who believed Sullivan guilty, it is understood, maintained that if there was sufficient evidence to find a verdict of murder in the second degree there was sufficient evidence to find a verdict of murder in the first degree; and that if Sullivan could not be convicted of the capital crime, there was nothing to do but set him at liberty.

Harassed by Detectives.

The court bailiffs have been harassed by detectives, who have followed the jury since the beginning of the trial, watching for some irregularity in the manner in which the jurors were handled. A private detective was ejected from the court room yesterday morning, and about midnight this morning the bailiffs ejected another private detective who tried to mingle with the jurors on their way to the Kenyon hotel. The detective was warned not to again approach the jurors.

Until 11 o'clock last night Joe Sullivan sat in County Attorney Hanson's office and waited for the jury to bring in its verdict. Four deputy sheriffs, Sharp, Sperry, Smith and Emery, watched him. There was no friend to share the long vigil with him. Even his lawyers, worn out by the strain of the long trial, had left him. County Attorney Hanson remained in his office until after 10 o'clock last night, and then he, too, departed, leaving the jury in the county jail.
